I. Call to Order

Auditor Blaha called the meeting to order, which was being conducted solely in a virtual format due to weather and travel concerns. She explained that the meeting was being recorded and streamed to the Office of the State Auditor (OSA) YouTube channel. A photo of the Working Group members was taken, and the meeting agenda was accepted with no changes.

II. Review and Approval of Working Group Meeting Minutes

Members reviewed the December 14, 2022, meeting minutes that had been provided in advance. The meeting minutes were accepted with no changes.

III. Review of Draft Firefighter Definitions and References

Hennessy Allen walked through the new firefighter and combination fire department definitions, and the new subdivision being proposed that defines relief association membership requirements. Updated references to "volunteer firefighter" and "volunteer firefighters relief association" throughout Chapter 424A were also reviewed. It was noted that Forestry staff with the DNR are State positions and would not be included in the firefighter definition. The firefighter definitions and reference updates were adopted unanimously.

IV. Review of Draft Municipal Ratification Clarifications

Hennessy Allen explained the draft clarifications to provisions for defined benefit plans that define when municipal ratification for a benefit level change is required. In response to a question, she shared that about 20 relief associations operate at benefit levels that have not

been ratified by the affiliated city council or town board. The draft changes were adopted unanimously.

V. Discussion of Dissolution Supplemental Benefit Clarification

Auditor Blaha explained that the draft change addresses a concern raised by the Department of Revenue (DOR). When a relief association dissolves, members become fully vested and are paid their service pensions or benefits upon the plan termination, even if the members are not yet age 50. However, to accommodate the DOR reporting system, only members who are at least age 50 can be paid a supplemental benefit with their service pensions upon a plan termination. The age-50 requirement was not intended to apply to disability or survivor benefits, but the language in statute can be read as requiring the disabled or deceased member to have been at least age 50 for the member or the member's survivor to qualify for the supplemental benefit distribution. The draft language was adopted unanimously.

VI. Review of Previously Approved Legislative Proposals

Working Group members reviewed the investment report certification clarification and audit threshold change that were approved during the last meeting. There were no objections to moving forward with both proposals.

VII. Other Business

Auditor Blaha requested approval to make minor drafting changes if any are identified when the bill is reviewed by Legislative Commission on Pensions and Retirement (LCPR) staff. Johnson, R. made a motion that was seconded by Iverson to approve the request to make minor drafting changes. The motion was adopted unanimously.

Working Group members discussed effective dates for the proposals and agreed that January 1, 2024, was appropriate. Iverson made a motion to add a January 1, 2024, effective date to each Working Group proposal. The motion was adopted unanimously.

Auditor Blaha thanked the Working Group members, and OSA and LCPR staff. She said Working Group members would be kept updated on the progress of the proposals and notified when the bill is scheduled to be heard by the LCPR.

VIII. Adjournment

The meeting was adjourned at 2:54.

18.31 lump-sum service pension during the period of deferral. If provided for in the bylaws, interest
18.32 must be credited in one of the following manners:

19.1 (1) at the investment performance rate actually earned on that portion of the assets if the
19.2 deferred benefit amount is invested by the relief association in a separate account established
19.3 and maintained by the relief association;

19.4 (2) at the investment performance rate actually earned on that portion of the assets if the
19.5 deferred benefit amount is invested in a separate investment vehicle held by the relief
19.6 association; or

19.7 (3) at an interest rate of up to five percent, compounded annually, as set by the board of
19.8 trustees.

19.9 (d) Any change in the interest rate set by the board of trustees under paragraph (c), clause
19.10 (3), must be ratified by the governing body of the municipality or joint powers entity served
19.11 by the fire department to which the relief association is directly associated, or by the
19.12 independent nonprofit firefighting corporation, as applicable.

19.13 (e) Interest under paragraph (c), clause (3), is credited beginning on the January 1 next
19.14 following the date on which the deferred service pension interest rate as set by the board of
19.15 trustees was ratified by the governing body of the municipality or joint powers entity served
19.16 by the fire department to which the relief association is directly associated, or by the
19.17 independent nonprofit firefighting corporation, as applicable.

19.18 (f) Unless the bylaws of a relief association that has elected to credit interest or additional
19.19 investment performance on deferred lump-sum service pensions under paragraph (c) specifies
19.20 a different interest or additional investment performance method, including the interest or
19.21 additional investment performance period starting date and ending date, the interest or
19.22 additional investment performance on a deferred service pension is creditable as follows:

19.23 (1) for a relief association that has elected to credit interest or additional investment
19.24 performance under paragraph (c), clause (1) or (3), beginning on the first day of the month
19.25 next following the date on which the member separates from active service and membership
19.26 and ending on the last day of the month immediately before the month in which the deferred
19.27 member commences receipt of the deferred service pension; or

19.28 (2) for a relief association that has elected to credit interest or additional investment
19.29 performance under paragraph (c), clause (2), beginning on the date that the member separates
19.30 from active service and membership and ending on the date that the separate investment
19.31 vehicle is valued immediately before the date on which the deferred member commences
19.32 receipt of the deferred service pension.

20.1 (g) For a deferred service pension that is transferred to a separate account established
20.2 and maintained by the relief association or separate investment vehicle held by the relief
20.3 association, the deferred member bears the full investment risk subsequent to transfer and
20.4 in calculating the accrued liability of the ~~volunteer~~ firefighters relief association that pays
20.5 a lump-sum service pension, the accrued liability for deferred service pensions is equal to
20.6 the separate relief association account balance or the fair market value of the separate
20.7 investment vehicle held by the relief association.

20.8 **EFFECTIVE DATE.** This section is effective July 1, 2024.

20.9 Sec. 18. Minnesota Statutes 2022, section 424A.02, subdivision 9, is amended to read:

20.10 Subd. 9. **Limitation on ancillary benefits.** A defined benefit relief association, ~~including~~
20.11 ~~any volunteer firefighters relief association governed by Laws 2013, chapter 111, article 5,~~
20.12 ~~sections 31 to 42, or any volunteer firefighters division of a relief association governed by~~
20.13 ~~chapter 424, and the Bloomington Fire Department Relief Association~~ may only pay ancillary
20.14 benefits ~~which that~~ would constitute an authorized disbursement as specified in section
20.15 424A.05 subject to the following requirements or limitations:

20.16 (1) with respect to a defined benefit relief association in which governing bylaws provide
20.17 solely for a lump-sum service pension to a retiring member, or provide a retiring member
20.18 the choice of either a lump-sum service pension or a monthly service pension and the
20.19 lump-sum service pension was chosen, no ancillary benefit may be paid to any former
20.20 member or paid to any person on behalf of any former member after the former member (i)
20.21 terminates active service with the fire department and active membership in the relief
20.22 association; and (ii) commences receipt of a service pension as authorized under this section;
20.23 and

20.24 (2) with respect to any defined benefit relief association, no ancillary benefit paid or
20.25 payable to any member, to any former member, or to any person on behalf of any member
20.26 or former member, may exceed in amount the total earned service pension of the member
20.27 or former member. The total earned service pension must be calculated by multiplying the
20.28 service pension amount specified in the bylaws of the relief association at the time of death
20.29 or disability, whichever applies, by the years of service credited to the member or former
20.30 member. The years of service must be determined as of (i) the date the member or former
20.31 member became entitled to the ancillary benefit; or (ii) the date the member or former
20.32 member died entitling a survivor or the estate of the member or former member to an
20.33 ancillary benefit. The ancillary benefit must be calculated without regard to whether the
20.34 member had attained the minimum amount of service and membership credit specified in

21.1 the governing bylaws. For active members, the amount of a permanent disability benefit or
21.2 a survivor benefit must be equal to the member's total earned service pension except that
21.3 the bylaws of a defined benefit relief association may provide for the payment of a survivor
21.4 benefit in an amount not to exceed five times the yearly service pension amount specified
21.5 in the bylaws on behalf of any member who dies before having performed five years of
21.6 active service in the fire department with which the relief association is affiliated. For
21.7 deferred members, the amount of a permanent disability benefit or a survivor benefit must
21.8 be calculated using the service pension amount in effect on the date specified in section
21.9 424A.015, subdivision 6, unless the bylaws of the relief association specify a different
21.10 service pension amount to be used for the calculation.

21.11 (3)(i) If a lump sum survivor or death benefit is payable under the articles of incorporation
21.12 or bylaws, the benefit must be paid:

21.13 (A) as a survivor benefit to the surviving spouse of the deceased firefighter;

21.14 (B) as a survivor benefit to the surviving children of the deceased firefighter if no
21.15 surviving spouse;

21.16 (C) as a survivor benefit to a designated beneficiary of the deceased firefighter if no
21.17 surviving spouse or surviving children; or

21.18 (D) as a death benefit to the estate of the deceased active or deferred firefighter if no
21.19 surviving children and no beneficiary designated.

21.20 (ii) If there are no surviving children, the surviving spouse may waive, in writing, wholly
21.21 or partially, the spouse's entitlement to a survivor benefit.

21.22 (4)(i) If a monthly benefit survivor or death benefit is payable under the articles of
21.23 incorporation or bylaws, the benefit must be paid:

21.24 (A) as a survivor benefit to the surviving spouse of the deceased firefighter;

21.25 (B) as a survivor benefit to the surviving children of the deceased firefighter if no
21.26 surviving spouse;

21.27 (C) as a survivor benefit to a designated beneficiary of the deceased firefighter if no
21.28 surviving spouse or surviving children; or

21.29 (D) as a death benefit to the estate of the deceased active or deferred firefighter if no
21.30 surviving spouse, no surviving children, and no beneficiary designated.

21.31 (ii) If there are no surviving children, the surviving spouse may waive, in writing, wholly
21.32 or partially, the spouse's entitlement to a survivor benefit.

22.1 (iii) For purposes of this clause, if the relief association bylaws authorize a monthly
22.2 survivor benefit payable to a designated beneficiary, the relief association bylaws may limit
22.3 the total survivor benefit amount payable.

22.4 (5) For purposes of this section, for a monthly benefit volunteer fire relief association
22.5 or for a combination lump-sum and monthly benefit volunteer fire relief association where
22.6 a monthly benefit service pension has been elected by or a monthly benefit is payable with
22.7 respect to a firefighter, a designated beneficiary must be a natural person. For purposes of
22.8 this section, for a lump-sum volunteer fire relief association or for a combination lump-sum
22.9 and monthly benefit volunteer fire relief association where a lump-sum service pension has
22.10 been elected by or a lump-sum benefit is payable with respect to a firefighter, a trust created
22.11 under chapter 501C may be a designated beneficiary. If a trust is payable to the surviving
22.12 children organized under chapter 501C as authorized by this section and there is no surviving
22.13 spouse, the survivor benefit may be paid to the trust, notwithstanding a requirement of this
22.14 section to the contrary.

22.15 **EFFECTIVE DATE.** This section is effective July 1, 2024.

22.16 Sec. 19. Minnesota Statutes 2022, section 424A.021, is amended to read:

22.17 **424A.021 CREDIT FOR BREAK IN SERVICE TO PROVIDE UNIFORMED**
22.18 **SERVICE.**

22.19 Subdivision 1. **Authorization.** Subject to restrictions stated in this section, a volunteer
22.20 firefighter or paid on-call firefighter who is absent from firefighting service due to service
22.21 in the uniformed services, as defined in United States Code, title 38, section 4303(13), may
22.22 obtain service credit if the relief association is a defined benefit plan or an allocation by the
22.23 relief association as though the person was an active member if the relief association is a
22.24 defined contribution plan for the period of the uniformed service, not to exceed five years,
22.25 unless a longer period is required under United States Code, title 38, section 4312.

22.26 Subd. 2. **Limitations.** (a) To be eligible for service credit or an allocation as though an
22.27 active member under this section, the ~~volunteer~~ firefighter must return to firefighting service
22.28 with coverage by the same relief association or by the successor to that relief association
22.29 upon discharge from service in the uniformed service within the time frame required in
22.30 United States Code, title 38, section 4312(e).

22.31 (b) Service credit or an allocation as though an active member is not authorized if the
22.32 firefighter separates from uniformed service with a dishonorable or bad conduct discharge
22.33 or under other than honorable conditions.

23.1 (c) Service credit or an allocation as though an active member is not authorized if the
23.2 firefighter fails to provide notice to the fire department that the individual is leaving to
23.3 provide service in the uniformed service, unless it is not feasible to provide that notice due
23.4 to the emergency nature of the situation.

23.5 **EFFECTIVE DATE.** This section is effective July 1, 2024.

23.6 Sec. 20. Minnesota Statutes 2022, section 424A.094, subdivision 1, is amended to read:

23.7 Subdivision 1. **Authorized inclusion in fire state aid program; covered nonprofit**
23.8 **corporations.** (a) This section applies to any independent nonprofit firefighting corporation
23.9 incorporated or organized under chapter 317A ~~which that~~: (1) operates exclusively for
23.10 firefighting purposes; (2) ~~which that~~ is composed of volunteer firefighters and paid on-call
23.11 firefighters; and (3) ~~which that~~ has a duly established separate subsidiary incorporated
23.12 firefighters relief association ~~which that~~ provides retirement coverage for or pays a service
23.13 pension to a retired firefighter or a retirement benefit to a surviving dependent of either an
23.14 active or a retired firefighter, and ~~which that~~ is subject to the applicable provisions of chapter
23.15 424A.

23.16 (b) Notwithstanding any law to the contrary, a municipality contracting with an
23.17 independent nonprofit firefighting corporation must be included in the distribution of fire
23.18 state aid to the appropriate county auditor by the state auditor only if the independent
23.19 nonprofit firefighting corporation complies with the provisions of this section.

23.20 **EFFECTIVE DATE.** This section is effective July 1, 2024.

23.21 Sec. 21. Minnesota Statutes 2022, section 424A.095, subdivision 2, is amended to read:

23.22 Subd. 2. **Investment report.** (a) Annually, the state auditor must provide an investment
23.23 report to each relief association that has complied with the reporting requirements under
23.24 section 356.219, subdivisions 1 and 3. The investment report must contain the following
23.25 information:

23.26 (1) the relief association's average annual rates of return for at least the previous one-,
23.27 three-, five-, ten-, 15-, and 20-year periods for which the state auditor has investment
23.28 information;

23.29 (2) the relief association's asset allocation;

23.30 (3) the average annual one-year and ten-year benchmark rates of return;

24.1 (4) the average annual one-year and ten-year rates of return for the statewide volunteer
24.2 firefighter plan;

24.3 (5) the one-year and ten-year average annual rates of return for the State Board of
24.4 Investment supplemental investment fund; and

24.5 (6) a graphical comparison between:

24.6 (i) the relief association's average annual rates of return for the previous year and for
24.7 the previous multiyear periods provided under clause (1); and

24.8 (ii) the average annual rates of return for the same periods for the supplemental investment
24.9 fund's balanced fund or any successor fund.

24.10 (b) The state auditor shall select the benchmark rates of return based on the best practice
24.11 in the industry.

24.12 (c) An officer of the relief association's board of trustees must certify to the state auditor
24.13 that the board reviewed the investment report. The certification must accompany the audited
24.14 financial statements or detailed financial statement under section 424A.014, subdivision 1
24.15 or 2, whichever applies. A copy of the report must be kept on file by the relief association
24.16 and must be available for inspection by any member of the public.

24.17 **EFFECTIVE DATE.** This section is effective the day following final enactment.

24.18 Sec. 22. Minnesota Statutes 2022, section 424A.10, is amended to read:

24.19 **424A.10 STATE SUPPLEMENTAL BENEFIT; ~~VOLUNTEER~~ FIREFIGHTERS.**

24.20 Subdivision 1. **Definitions.** For purposes of this section:

24.21 (1) "qualified recipient" means a ~~volunteer~~ firefighter who receives a lump-sum
24.22 distribution of pension or retirement benefits from a ~~volunteer~~ firefighters relief association
24.23 or from the statewide volunteer firefighter plan;

24.24 (2) "survivor of a deceased active or deferred ~~volunteer~~ firefighter" means the surviving
24.25 spouse of a deceased active or deferred ~~volunteer~~ firefighter or, if none, the surviving child
24.26 or children of a deceased active or deferred ~~volunteer~~ firefighter, or, if none, the designated
24.27 beneficiary of the deceased active or deferred ~~volunteer~~ firefighter, or, if no beneficiary has
24.28 been designated, the estate of the deceased active or deferred ~~volunteer~~ firefighter;

24.29 (3) "active ~~volunteer~~ firefighter" means a person who:

25.1 (i) regularly renders fire suppression service, the performance or supervision of authorized
25.2 fire prevention duties, or the performance or supervision of authorized emergency medical
25.3 response activities for a fire department;

25.4 (ii) has met the statutory and other requirements for relief association membership; and

25.5 (iii) is deemed by the relief association under law and its bylaws to be a fully qualified
25.6 member of the relief association or from the statewide volunteer firefighter plan for at least
25.7 one month;

25.8 (4) "deferred ~~volunteer~~ firefighter" means a former active ~~volunteer~~ firefighter who:

25.9 (i) terminated active firefighting service, the performance or supervision of authorized
25.10 fire prevention duties, or the performance or supervision of authorized emergency medical
25.11 response activities; and

25.12 (ii) has sufficient service credit from the applicable relief association or from the statewide
25.13 volunteer firefighter plan to be entitled to a service pension under the bylaws of the relief
25.14 association, but has not applied for or has not received the service pension; and

25.15 (5) "~~volunteer~~ firefighter" includes an individual whose services were utilized to perform
25.16 or supervise fire prevention duties if authorized under section 424A.01, subdivision 5, and
25.17 individuals whose services were used to perform emergency medical response duties or
25.18 supervise emergency medical response activities if authorized under section 424A.01,
25.19 subdivision 5a.

25.20 Subd. 2. **Payment of supplemental benefit.** (a) Upon the payment by a ~~volunteer~~
25.21 firefighters relief association or by the statewide volunteer firefighter plan of a lump-sum
25.22 distribution to a qualified recipient, the association or retirement plan, as applicable, must
25.23 pay a supplemental benefit to the qualified recipient. Notwithstanding any law to the contrary,
25.24 the relief association must pay the supplemental benefit out of its special fund and the
25.25 statewide volunteer firefighter plan must pay the supplemental benefit out of the statewide
25.26 volunteer firefighter plan. This benefit is an amount equal to ten percent of the regular
25.27 lump-sum distribution that is paid on the basis of the recipient's service as a ~~volunteer~~
25.28 firefighter. In no case may the amount of the supplemental benefit exceed \$1,000. A
25.29 supplemental benefit under this paragraph may not be paid to a survivor of a deceased active
25.30 or deferred ~~volunteer~~ firefighter in that capacity.

25.31 (b) Upon the payment by a relief association or the retirement plan of a lump-sum
25.32 survivor benefit to a survivor of a deceased active ~~volunteer~~ firefighter or of a deceased
25.33 deferred ~~volunteer~~ firefighter, the association or retirement plan, as applicable, must pay a

26.1 supplemental survivor benefit to the survivor of the deceased active or deferred ~~volunteer~~
26.2 firefighter from the special fund of the relief association and the retirement plan must pay
26.3 a supplemental survivor benefit to the survivor of the deceased active or deferred ~~volunteer~~
26.4 firefighter from the retirement fund if chapter 353G so provides. The amount of the
26.5 supplemental survivor benefit is 20 percent of the survivor benefit, but not to exceed \$2,000.

26.6 (c) For purposes of this section, the term "regular lump-sum distribution" means the
26.7 pretax lump-sum distribution excluding any interest that may have been credited during a
26.8 ~~volunteer~~ firefighter's period of deferral.

26.9 (d) An individual may receive a supplemental benefit under paragraph (a) or under
26.10 paragraph (b), but not under both paragraphs with respect to one lump-sum ~~volunteer~~
26.11 firefighter benefit.

26.12 (e) If a qualified recipient receives more than one lump-sum distribution, the qualified
26.13 recipient is eligible to receive a supplemental benefit or supplemental survivor benefit,
26.14 whichever is applicable, with each lump-sum distribution. Each supplemental benefit shall
26.15 be calculated pursuant to paragraph (a) or (b), as applicable, and shall be subject to a separate
26.16 limit.

26.17 (f) Qualified recipients who elect to receive their lump-sum distribution in installments
26.18 under section 424A.016, subdivision 5, or 424A.02, subdivision 8, are eligible to receive
26.19 one supplemental benefit calculated on the total lump-sum distribution amount under
26.20 paragraph (a) or (b), as applicable.

26.21 Subd. 3. **State reimbursement.** (a) Each year, to be eligible for state reimbursement of
26.22 the amount of supplemental benefits paid under subdivision 2 during the preceding calendar
26.23 year, the ~~volunteer~~ firefighters relief association or the statewide volunteer firefighter plan
26.24 shall apply to the commissioner of revenue by February 15. By March 15, the commissioner
26.25 shall reimburse the relief association for the amount of the supplemental benefits paid by
26.26 the relief association to qualified recipients and to survivors of deceased active or deferred
26.27 ~~volunteer~~ firefighters.

26.28 (b) The commissioner of revenue shall prescribe the form of and supporting information
26.29 that must be supplied as part of the application for state reimbursement. The commissioner
26.30 of revenue shall reimburse the relief association by paying the reimbursement amount to
26.31 the treasurer of the municipality where the association is located and shall reimburse the
26.32 retirement plan by paying the reimbursement amount to the executive director of the Public
26.33 Employees Retirement Association. Within 30 days after receipt, the municipal treasurer
26.34 shall transmit the state reimbursement to the treasurer of the association if the association

27.1 has filed a financial report with the municipality. If the relief association has not filed a
27.2 financial report with the municipality, the municipal treasurer shall delay transmission of
27.3 the reimbursement payment to the association until the complete financial report is filed.
27.4 If the association has dissolved or has been removed as a trustee of state aid, the treasurer
27.5 shall deposit the money in a special account in the municipal treasury, and the money may
27.6 be disbursed only for the purposes and in the manner provided in section 424A.08. When
27.7 paid to the association, the reimbursement payment must be deposited in the special fund
27.8 of the relief association and when paid to the retirement plan, the reimbursement payment
27.9 must be deposited in the retirement fund of the plan.

27.10 (c) A sum sufficient to make the payments is appropriated from the general fund to the
27.11 commissioner of revenue.

27.12 Subd. 4. **In lieu of income tax exclusion.** (a) The supplemental benefit provided by this
27.13 section is in lieu of the state income tax exclusion for lump-sum distributions of retirement
27.14 benefits paid to ~~volunteer~~ firefighters.

27.15 (b) If the law is modified to exclude or exempt ~~volunteer~~ firefighters' lump-sum
27.16 distributions from state income taxation, the supplemental benefits under this section are
27.17 no longer payable, beginning with the first calendar year in which the exclusion or exemption
27.18 is effective. This subdivision does not apply to exemption of all or part of a lump-sum
27.19 distribution under section 290.032 or 290.0802.

27.20 **EFFECTIVE DATE.** This section is effective July 1, 2024.

27.21 Sec. 23. **REVISOR INSTRUCTION.**

27.22 In Minnesota Statutes, the revisor of statutes shall change the terms "volunteer firefighters
27.23 relief association," "volunteer firefighter relief association," "volunteer firefighters' relief
27.24 association," and "volunteer fire relief association" to "firefighters relief association"
27.25 wherever the terms appear in statutes. The revisor shall make any necessary grammatical
27.26 changes or changes to sentence structure necessary to preserve the meaning of the text as
27.27 a result of the changes.

144F.01 FIRE PROTECTION AND EMERGENCY MEDICAL SERVICES SPECIAL TAXING DISTRICTS.

Subd. 2. Authority to establish.

(a) Two or more political subdivisions may establish, by resolution of their governing bodies, a special taxing district to provide fire protection or emergency medical services, or both, in the area of the district, comprising the jurisdiction of each of the political subdivisions forming the district. For a county that participates in establishing a district, the county's jurisdiction comprises the unorganized territory of the county that it designated in its resolution for inclusion in the district. The area of the special taxing district need not be contiguous or its boundaries continuous.

(b) Before establishing a district under this section, the participating political subdivisions must enter into an agreement that specifies how any liabilities, other than debt issued under subdivision 6, and assets of the district will be distributed if the district is dissolved. The agreement may also include other terms, including a method for apportioning the levy of the district among participating political subdivisions under subdivision 4, paragraph (b), as the political subdivisions determine appropriate. The agreement must be adopted no later than upon passage of the resolution establishing the district under paragraph (a), but may be later amended by agreement of each of the political subdivisions participating in the district.

(c) If two or more political subdivisions that currently operate separate fire departments seek to merge fire departments into one fire department, or if a political subdivision with an existing fire department requests to join a special taxing district with an established fire department, the resolution under paragraph (a) or agreement under paragraph (b) must specify which, if any, ~~volunteer~~ firefighter pension plan is associated with the district. A special taxing district that operates a fire department under this section may be associated with only one ~~volunteer~~ firefighters relief association or one account in the statewide volunteer firefighter plan at one time.

(d) If the special taxing district includes the operation of a fire department, it must file its resolution establishing the fire protection special taxing district, and any agreements required for the establishment of the special taxing district, with the commissioner of revenue, including any subsequent amendments. If the resolution or agreement does not include sufficient information defining the fire department service area of the fire protection special taxing district, the secretary of the district board must file a written statement with the commissioner defining the fire department service area.

181.101 WAGES; HOW OFTEN PAID.

(a) Except as provided in paragraph (b), every employer must pay all wages, including salary, earnings, and gratuities earned by an employee at least once every 31 days and all commissions earned by an employee at least once every three months, on a regular payday designated in advance by the employer regardless of whether the employee requests payment at longer intervals. Unless paid earlier, the wages earned during the first half of the first 31-day pay period become due on the first regular payday following the first day of work. If wages or commissions earned are not paid, the commissioner of labor and industry or the commissioner's representative may serve a demand for payment on behalf of an employee. In addition to other remedies under section 177.27, if payment of wages is not made within ten days of service of the demand, the commissioner may charge and collect the wages earned at the employee's rate or rates of pay or at the rate or rates required by law, including any applicable statute, regulation, rule, ordinance, government resolution or policy, contract, or other legal authority, whichever rate of pay is greater, and a penalty in the amount of the employee's average daily earnings at the same rate or rates for each day beyond the ten-day limit following the demand. If payment of commissions is not made within ten days of service of the demand, the commissioner may charge and collect the commissions earned and a penalty equal to 1/15 of the commissions earned but unpaid for each day beyond the ten-day limit. Money collected by the commissioner must be paid to the employee concerned. This section does not prevent an employee from prosecuting a claim for wages. This section does not prevent a school district, other public school entity, or other school, as defined under section 120A.22, from paying any wages earned by its employees during a school year on regular paydays in the manner provided by an applicable contract or collective bargaining agreement, or a personnel policy adopted by the governing board. For purposes of this section, "employee" includes a person who performs agricultural labor as defined in section 181.85, subdivision 2. For purposes of this section, wages are earned on the day an employee works. This section provides a substantive right for employees to the payment of wages, including salary, earnings, and gratuities, as well as commissions, in addition to the right to be paid at certain times.

(b) An employer of a volunteer paid on-call firefighter, as defined in section 424A.001, subdivision 10, a member of an organized first responder squad that is formally recognized by a political subdivision in the state, or a volunteer ambulance driver or attendant must pay all wages earned by the volunteer paid on-call firefighter, first responder, or volunteer ambulance driver or attendant at least once every 31 days, unless the employer and the employee mutually agree upon payment at longer intervals.

268.047 EFFECT ON EMPLOYER OF UNEMPLOYMENT BENEFITS PAID.

Subd. 2. Exceptions for all employers.

Unemployment benefits paid will not be used in computing the future tax rate of a taxpaying base period employer or charged to the reimbursable account of a base period nonprofit or government employer that has elected to be liable for reimbursements when:

(1) the applicant was discharged from the employment because of aggravated employment misconduct as determined under section 268.095. This exception applies only to unemployment benefits paid for periods after the applicant's discharge from employment;

(2) an applicant's discharge from that employment occurred because a law required removal of the applicant from the position the applicant held;

(3) the employer provided regularly scheduled part-time employment to the applicant during the applicant's base period and continues to provide the applicant with regularly scheduled part-time employment during the benefit year of at least 90 percent of the part-time employment provided in the base period, and is an involved employer because of the applicant's loss of other employment. This exception terminates effective the first week that the employer fails to meet the benefit year employment requirements. This exception applies to educational institutions without consideration of the period between academic years or terms;

(4) the employer is a fire department or firefighting corporation or operator of a life-support transportation service, and continues to provide employment for the applicant as a volunteer or paid-on call firefighter, as defined in section 424A.001, subdivision 10, or a volunteer ambulance service personnel during the benefit year on the same basis that employment was provided in the base period. This exception terminates effective the first week that the employer fails to meet the benefit year employment requirements;

(5) the applicant's unemployment from this employer was a direct result of the condemnation of property by a governmental agency, a fire, flood, or act of nature, where 25 percent or more of the employees employed at the affected location, including the applicant, became unemployed as a result. This exception does not apply where the unemployment was a direct result of the intentional act of the employer or a person acting on behalf of the employer;

(6) the unemployment benefits were paid by another state as a result of the transferring of wage credits under a combined wage arrangement provided for in section 268.131;

(7) the applicant stopped working because of a labor dispute at the applicant's primary place of employment if the employer was not a party to the labor dispute;

(8) the unemployment benefits were determined overpaid unemployment benefits subject to section 268.18;

(9) the applicant was employed as a replacement worker, for a period of six months or longer, for an employee who is in the military reserve and was called for active duty during

the time the applicant worked as a replacement, and the applicant was laid off because the employee returned to employment after active duty; or

(10) the trust fund was reimbursed for the unemployment benefits by the federal government.

268.085 ELIGIBILITY REQUIREMENTS; PAYMENTS THAT AFFECT BENEFITS.

Subd. 5. Deductible earnings.

(a) If the applicant has earnings, including holiday pay, with respect to any week, from employment, covered employment, noncovered employment, self-employment, or volunteer work, equal to or in excess of the applicant's weekly unemployment benefit amount, the applicant is ineligible for unemployment benefits for that week.

(b) If the applicant has earnings, including holiday pay, with respect to any week, that is less than the applicant's weekly unemployment benefit amount, from employment, covered employment, noncovered employment, self-employment, or volunteer work, 50 percent of the earnings are deducted from the weekly unemployment benefit amount.

(c) No deduction is made from an applicant's weekly unemployment benefit amount for earnings from service in the National Guard or a United States military reserve unit or from direct service as a volunteer or paid on-call firefighter, as defined in section 424A.001, subdivision 10, or volunteer ambulance service personnel. This exception to paragraphs (a) and (b) does not apply to on-call or standby pay provided to a volunteer firefighter or volunteer ambulance service personnel. No deduction is made for jury duty pay or for pay as an election judge.

(d) The applicant may report deductible earnings on continued requests for unemployment benefits at the next lower whole dollar amount.

(e) Deductible earnings does not include any money that is a deductible payment under subdivision 3.

352.98 HEALTH CARE SAVINGS PLAN.

02

Subdivision 1. **Plan created.**

This section must be administered by the executive director of the system with the advice and consent of the board of directors. The executive director shall establish a plan or plans, known as health care savings plans, through which an officer or employee of the state or of a political subdivision, including officers or employees covered by a plan or fund specified in chapter 353D, 354B, 354D, 424A, or section 356.20, subdivision 2, may save to cover health care costs. For purposes of this section, a ~~volunteer~~ paid on-call firefighter, as defined in section 424A.001, subdivision 10, is an employee. The executive director shall make available one or more trusts, including a governmental trust or governmental trusts, authorized under the Internal Revenue Code to be eligible for tax-preferred or tax-free treatment through which employers and employees can save to cover health care costs.

424A.092 RELIEF ASSOCIATIONS PAYING LUMP-SUM SERVICE PENSIONS.

Subd. 3. Financial requirements of relief association; minimum obligation of municipality.

(a) During the month of July, the officers of the relief association shall determine the overall funding balance of the special fund for the current calendar year, the financial requirements of the special fund for the following calendar year and the minimum obligation of the municipality with respect to the special fund for the following calendar year in accordance with the requirements of this subdivision.

(b) The overall funding balance of the special fund for the current calendar year must be determined in the following manner:

(1) The total accrued liability of the special fund for all active and deferred members of the relief association as of December 31 of the current year must be calculated under subdivisions 2 and 2a, if applicable.

(2) The total present assets of the special fund projected to December 31 of the current year, including receipts by and disbursements from the special fund anticipated to occur on or before December 31, must be calculated. To the extent possible, for those assets for which a market value is readily ascertainable, the current market value as of the date of the calculation for those assets must be utilized in making this calculation. For any asset for which no market value is readily ascertainable, the cost value or the book value, whichever is applicable, must be utilized in making this calculation.

(3) The amount of the total present assets of the special fund calculated under clause (2) must be subtracted from the amount of the total accrued liability of the special fund calculated under clause (1). If the amount of total present assets exceeds the amount of the total accrued liability, then the special fund is considered to have a surplus over full funding. If the amount of the total present assets is less than the amount of the total accrued liability, then the special fund is considered to have a deficit from full funding. If the amount of total present assets is equal to the amount of the total accrued liability, then the special fund is considered to be fully funded.

(c) The financial requirements of the special fund for the following calendar year must be determined in the following manner:

(1) The total accrued liability of the special fund for all active and deferred members of the relief association as of December 31 of the calendar year next following the current calendar year must be calculated under subdivisions 2 and 2a, if applicable.

(2) The increase in the total accrued liability of the special fund for the following calendar year over the total accrued liability of the special fund for the current year must be calculated.

(3) The amount of anticipated future administrative expenses of the special fund must be calculated by multiplying the dollar amount of the administrative expenses of the special fund for the most recent prior calendar year by the factor of 1.035.

(4) If the special fund is fully funded, the financial requirements of the special fund for the following calendar year are the total of the amounts calculated under clauses (2) and (3).

(5) If the special fund has a deficit from full funding, the financial requirements of the special fund for the following calendar year are the financial requirements of the special fund calculated as though the special fund were fully funded under clause (4) plus an amount equal to one-tenth of the original amount of the deficit from full funding of the special fund as determined under clause (2) resulting either from an increase in the amount of the service pension occurring in the last ten years or from a net annual investment loss occurring during the last ten years until each increase in the deficit from full funding is fully retired. The annual amortization contribution under this clause may not exceed the amount of the deficit from full funding.

(6) If the special fund has a surplus over full funding, the financial requirements of the special fund for the following calendar year are the financial requirements of the special fund calculated as though the special fund were fully funded under clause (4) reduced by an amount equal to one-tenth of the amount of the surplus over full funding of the special fund.

(d) The minimum obligation of the municipality with respect to the special fund is the financial requirements of the special fund reduced by the amount of any fire state aid and police and firefighter retirement supplemental state aid payable under chapter 477B and section 423A.022 reasonably anticipated to be received by the municipality for transmittal to the special fund during the following calendar year; and an amount of interest on the assets of the special fund projected to the beginning of the following calendar year calculated at the rate of five percent per annum, ~~and the amount of any contributions to the special fund required by the relief association bylaws from the active members of the relief association reasonably anticipated to be received during the following calendar year.~~ A reasonable amount of anticipated fire state aid is an amount that does not exceed the fire state aid actually received in the prior year multiplied by the factor 1.035.

424B.10 CONSOLIDATION; BENEFITS; FUNDING.

Subd. 1b. Benefits.

(a) The successor relief association following the consolidation of two or more defined benefit relief associations must be a defined benefit relief association.

(b) Notwithstanding any provision of section 424A.02, subdivision 3, to the contrary, the initial service pension amount of the subsequent defined benefit relief association as of the effective date of consolidation is either the service pension amount specified in clause (1) or the service pension amounts specified in clause (2), as provided for in the consolidated relief association's articles of incorporation or bylaws:

(1) the highest dollar amount service pension amount of any prior volunteer firefighters relief association in effect immediately before the consolidation initiation if the pension amount was implemented consistent with section 424A.02; or

(2) for service rendered by each individual volunteer ~~or paid on-call firefighter, as defined in section 424A.001, subdivision 10.~~ before consolidation, the service pension amount under the consolidating volunteer firefighters relief association that the firefighter belonged to immediately before the consolidation if the pension amount was implemented consistent with section 424A.02 and for service rendered after the effective date of the consolidation, the highest dollar amount service pension of any of the consolidating volunteer firefighters relief associations in effect immediately before the consolidation if the pension amount was implemented consistent with section 424A.02.

(c) Any increase in the service pension amount beyond the amount implemented under paragraph (a) must conform with the requirements and limitations of section 424A.02 and sections 424A.091 to 424A.095.

477B.03 CALCULATION OF FIRE STATE AID; APPEAL.

Subd. 5. Minimum fire state aid allocation amount.

(a) The minimum fire state aid allocation amount is the amount derived from any additional funding amount to support a minimum fire state aid amount under section 423A.02, subdivision 3. The minimum fire state aid allocation amount is allocated to municipalities or independent nonprofit firefighting corporations with ~~volunteer firefighters'~~ ~~firefighters~~ relief associations or covered by the statewide volunteer firefighter plan. The amount is based on the number of active ~~volunteer~~ firefighters who are (1) members of the relief association as reported to the Office of the State Auditor in a specific annual financial reporting year as specified in paragraphs (b) to (d), or (2) covered by the statewide volunteer firefighter plan as specified in paragraph (e).

(b) For relief associations established in calendar year 1993 or a prior year, the number of active ~~volunteer~~ firefighters equals the number of active ~~volunteer~~ firefighters who were

members of the relief association as reported in the annual financial reporting for calendar year 1993, but not to exceed 30 active ~~volunteer~~ firefighters.

(c) For relief associations established in calendar year 1994 through calendar year 1999, the number of active ~~volunteer~~ firefighters equals the number of active ~~volunteer~~ firefighters who were members of the relief association as reported in the annual financial reporting for calendar year 1998 to the Office of the State Auditor, but not to exceed 30 active ~~volunteer~~ firefighters.

(d) For relief associations established after calendar year 1999, the number of active ~~volunteer~~ firefighters equals the number of active ~~volunteer~~ firefighters who are members of the relief association as reported in the first annual financial reporting submitted to the Office of the State Auditor, but not to exceed 20 active ~~volunteer~~ firefighters.

(e) If a relief association is terminated as a result of providing retirement coverage for volunteer firefighters by the statewide volunteer firefighter plan ~~under chapter 353G~~, the number of active volunteer firefighters equals the number of active volunteer firefighters of the municipality or independent nonprofit firefighting corporation covered by the statewide plan as certified by the executive director of the Public Employees Retirement Association to the commissioner and the state auditor, but not to exceed 30 active firefighters.

477B.042 ALLOCATION OF FIRE STATE AID FOR RELIEF ASSOCIATIONS.

Subdivision 1. Applicability.

(a) This section applies to fire state aid payable each year under section 477B.04, subdivision 3, paragraph (b), if, during the prior year, the municipality or independent nonprofit firefighting corporation:

(1) employs one or more ~~volunteer~~ firefighters covered by the relief association affiliated with the municipality or independent nonprofit firefighting corporation under chapter 424A; and

(2) contributes on behalf of one or more firefighters to the public employees police and fire retirement plan under chapter 353.

(b) This section does not apply to police and firefighter supplemental state aid under section 423A.022.

	2. Consider allowing relief associations that pay defined benefit, lump-sum pensions to provide post-retirement benefit increases to deferred members.	VFRAs	Broad Policy Change
Defined Contribution Plans (424A.016, subds. 4 and 6)	3. Clarify the investment return allocation method for active and deferred members.	OSA	Broad Policy Change
Dissolutions (424B.22)	4. Clarify that the requirements of Section 424B.22 apply to relief associations that are involuntarily dissolved.	VFRAs	Limited Policy Change
	5. Consider adding language that defines how general fund assets may be disbursed for relief associations that dissolve.	OSA	Limited Policy Change
Municipal Ratification and Contribution Requirements (424A.092 and 424A.093)	6. Consider providing authority for a city council to pass a single resolution that allows the relief association to set a benefit level, and change the benefit level, as long as the funding ratio remains above a specific percentage (e.g., 105%). This would provide some flexibility for relief associations to make small benefit level changes to respond to market fluctuations, without needing to get municipal ratification for each change.
